PREFACE

“The Philanthropist” is an initiative by Brand Honchos to mark and accentuate those Visionary leaders, Groundbreakers, Organizations, Institutes, NGO’s, Entrepreneurs, Individuals and socialpreneurs who are making remarkable contribution in boosting the Indian economy or working with a vision to “Empower social welfare” practices in India.

An exclusive edition of “Indian CSR Awards 2022” organized by Brand Honchos to felicitate some of the leading International/ Indian Brands, NGO’s and social workers who are ought to work for the upliftment of society and people around them were converged in this power packed event. ICSR Awards 2022 offered a platform which acknowledged and felicitated those individuals and organizations who are contributing towards humanity, mankind & nation building.

The event was designed with the perspective to constantly recognize the efforts of those who are significantly committed and dedicated toward social welfare practices for a better tomorrow.

The aim of the event was to encourage Indian corporates to spend more on CSR, To find out the watchful areas of CSR based on priority, To channelize the CSR activities of corporates so that the benefits of their activities directly reach to the marginalized sections of the society, To improve execution, implementation, results and productivity of CSR initiatives being conducted at various levels.

We at Brand Honchos set our heart on the successful implementation of the idea “Empowering Social welfare” in India and we believe that we all should stand united and blend our minds to contribute significantly as individuals or as an organization towards social welfare initiatives.

We at Brand Honchos believe that “If you make something the purpose of your existence, then nothing can stop you from achieving the same”.

So “Keep your face always towards the sunshine and shadows will fall behind you”.

Rajat Sharma

Chairman and Editor-in-
Chief of India TV

Mr. Rajat Sharma is the Chairman and Editor-in Chief of India TV -India's most watched news channel. Mr Rajat Sharma who has been bestowed with one of India's highest civilian honours, "The Padma Bhushan Award" is best known for his popular show 'Aap Ki Adalat'.

Aap Ki Adalat is the longest running television show in India's television history. The show has continued to captivate viewers for a record 29 years.

Mr Rajat Sharma holds Master's degree (M Com) from the prestigious Shriram College of Commerce Delhi. Back then Mr Sharma was actively involved in student politics in University of Delhi.

Mr Rajat Sharma is the President of The News Broadcasters Association of India (NBA) and Vice President, Strategic Affairs of The Indian Broadcasting Foundation.

Mr. Sharma has led the way with the motto, "credibility first." It is the result of the efforts of a self-made man who kept both his feet firmly to the ground, a journalist for whom the viewer's interest has been paramount. His shows have many times forced Governments to change their ways in dealing with social reforms, environmental issues, and public welfare.

Considered as the most powerful journalist in India Mr Rajat Sharma also enjoys stardom with huge fan following.

Kiran Bedi is the first woman to have joined the officer ranks of Indian Police Service. She is the 24th Lt Governor of Puducherry. Also served the United Nations as Civilian Police Advisor in Peacekeeping Operations. She is PhD from IIT Delhi with a postdoctoral Nehru fellowship. She is the author of several books. The Latest is Fearless Governance.

She is an Asian tennis champion. Winner of gallantry award and the Magsaysay Award also known as Asia's Nobel Peace Award. She has a biopic on her life called Yes Madam Sir. Made by an Australian. She founded two Foundations, Navjyoti and India Vision Foundation which serve the underprivileged in rural, urban areas and in prisons for the last 30 years.

Her latest book Fearless Governance, now translated into Hindi and Tamil is based on ground realities as she saw in serving as the Lt Governor Puducherry as released by Ms Indra Nooyi, Prof Debashish Chatterjee and Smita Prakash.

They called it a "blueprint for Good Governance cutting across leadership qualities both, in the private and public sector".

Kiran Bedi

Former Lt. Governor,
Puducherry, First Women
IPS Officer, India

A black and white portrait of Ratan Tata, an elderly man with grey hair, wearing a dark suit, white shirt, and patterned tie. He is seated in a dark, high-backed chair, looking directly at the camera with a slight smile. The background is a plain, light-colored wall.

Ratan Tata

A rare gem of a special breed

Ratan Tata, the ex-chairman of the Tata Group, is not only a successful industrialist but also one of India's most renowned philanthropists. Founded in 1868, as a trading company, the Tata Group boomed as a multi-faceted industry dealing in energy, automotive, engineering, and information technology. A Padma Bhushan and Padma Vibhushan awardee, India's highest civilian honors, Shri Ratan Tata has played an instrumental role in transforming this Indian-centric company into a global business conglomerate that operates in more than 100 nations across the world. But this business tycoon has become the pride and icon of India for his magnanimous philanthropic endeavors. His contribution toward education, eradicating malnutrition, and nurturing the start-up culture, has made huge strides in shaping the face of modern India. Ratan Tata has been personally involved in the mission to alleviate poverty, making staple foods available for all, focusing on maternal health, and uplifting the people below the poverty line. He strongly believes that providing the right nutrition to

children and pregnant mothers is the key to uplifting the mental and physical health of the country. In addition to aiding the downtrodden, Ratan Tata is also actively involved in supporting education, medicine, and rural development. He invests more than 65% of his shares in charitable trusts. He endowed \$28 million Tata Scholarship Fund to Cornell University to provide financial aid to undergraduate students from India. In 2010, the Tata Group donated \$50 million for the construction of an executive center at Harvard Business School. In 2014, he made a generous donation of ₹950 million to IIT, Bombay. Apart from the company's notable contributions toward education and development, the humble entrepreneur goes above and beyond to make a difference in every life that he comes across. A rare gem of the special breed, Mr. Ratan Tata is an inspiration, an icon, and a legend who has enlightened this path of philanthropy and motivated many to follow this philosophy of giving back!

Sudha Murthy

A force that changed
the face of India

A prolific writer, engineer, professor, public speaker, and philanthropist, Sudha Murthy is a woman of rare treasure. A beam of light to a million souls, a ray of hope for the poor, and a pathfinder for the women in a deep-rooted patriarchal society, Sudha Murthy is a legendary woman who has paved the road to success for many future generations to come. Smashing the glass ceilings at a time when a woman's life was chained to the kitchen, Sudha Murthy went on to become the first female engineer to be hired by TELCO, India's largest auto manufacturer, which had an 'only-male' employee policy until then. A woman of rare grit, Sudha Murthy overcame every challenge she faced on this unexplored road with courage and resilience whilst nurturing warmth in her heart that was about to melt the world into a better place.

Sudha Murthy began her philanthropic journey in 1996 with the establishment of Infosys Foundation on December 6th. She deeply believed that philanthropy is not only about donating money for a cause but contributing to the cause in a way that actually makes a difference in people's life. For her philanthropy was about compassion and passion and so she chose the causes that were close to her heart, like public hygiene, healthcare, with a burning desire to see the country in its true glory! education, art and culture, and poverty alleviation. Coming from a time when there was no lady's toilet in her college,

she understood the importance of hygienic public toilets. This inspired Mrs. Murthy to contribute to constructing 16,000 toilets across India. Education has always been very dear to her heart, and this led her to contribute towards building 7000 libraries in schools, introducing computer facilities in schools, and establishing several scholarship programs. She also founded several orphanages, participated in rural development efforts, and contributed to the fight against natural calamities, healthcare, and infrastructure.

Clad in a simple cotton saree, Sudha Murthy's philanthropic work has garnered global recognition. Her service to society and literary achievements has been acknowledged with many prestigious awards including the Padma Shri and R.K. Narayana's Award for Literature. Even at the age of 71, Sudha Murthy wakes up every morning with a burning desire to see the country in its true glory!

Clad in a simple cotton saree, Sudha Murthy's philanthropic work has garnered global recognition. Even at the age of 71, Sudha Murthy wakes up every morning

Azim Premji, the founder and chairman of the tech giant Wipro, is one of the world's wealthiest and most benevolent business tycoons. Crowned as one of Asia's top philanthropists, the Czar of India's IT industry, Azim Premji has not only transformed his family's business from a humble venture dealing in vegetable oil into one of the biggest global business conglomerates, but he has also changed the face of Philanthropy in India. Premji established the Azim Premji Foundation in 2001, the non-profit wing focused on enhancing education in India. He deeply believes that education is the only vehicle that can drive positive social change. After piloting the company to humongous success, Azim Premji, with an astute vision and leadership has driven the non-profit organization to mounting heights. The organization began its journey with the purpose of bringing quality education to rural India and it has thus far worked with over 3,50,000 schools across seven Indian states. After a decade of groundwork in uplifting elementary education in India, Premji identified the challenges that children faced in pursuing higher studies. This led to the establishment of the Azim Premji University which contributed to the education sector through its advanced courses and scholarships.

This one-of-a-kind University in India also focuses on uplifting livelihoods, health, governance, and sustainability which contribute to building a better nation. Red with the Padma Vibhushan, India's second highest civilian award. Apart from education, the Azim Premji Foundation has collaborated with different organizations to drive a positive change by working on the fronts of gender equality, child care, mental and physical disability, and poverty.

He is also the first Indian billionaire to sign the Giving Pledge, an initiative by Bill Gates and Warren Buffet that encourages wealthy individuals to pledge half their fortunes to philanthropy. A billionaire by heart, Azim Premji donated Rs. 9713 crores towards philanthropy in 2021 and Rs. 7904 crores in 2020.

Renowned for his charitable works, he is the first Indian recipient of the Faraday Medal. His philanthropic endeavors also won him honorary doctorates from the Michigan State University, Wesleyan University, and the Indian Institutes of Technology at Bombay, Roorkee, and Kharagpur, among others. He is also the recipient of the Republic of France's highest civilian award, Knight of the Legion of Honor and in January 2011, he was hono

MSD

INVENTING FOR LIFE

MSD India in partnership with Smile Foundation provides access of health care delivery in the aspirational districts of Uttar Pradesh & Bihar

MSD is founded on the vision of “patient first, the profits will follow”. Corporate Responsibility at MSD is a commitment to discovering innovative solutions to the world’s greatest health challenges while growing our business in a sustainable way. We are always working to advance our performance in four priority areas: Access to Health, Environmental Sustainability, Employees, and Ethics and Transparency.

MSD recognizes that sustainable development means working together towards a common purpose. As such, we have been looking for opportunities that will allow us to do that. With a focus on these priority areas in India, and across our entire global organization, we aim to lead the future of healthcare. One such example of our CSR initiatives is:

Smile on Wheels Mobile Medical Units are providing access to quality primary healthcare services for the underprivileged in aspirational districts of Uttar Pradesh and Bihar. At MSD, we are passionate about providing access to quality healthcare and improving lives in India. We are actively building sustainable partnerships to fulfil the unmet medical needs in our country. Our partnership with Smile Foundation to launch 'Smile on Wheels' mobile medical units in Uttar Pradesh & Bihar strengthens and supports capacity building for health care delivery to the most remote areas of the country. The programme aims to address the primary healthcare needs of more than 10 lakh people in Uttar Pradesh.

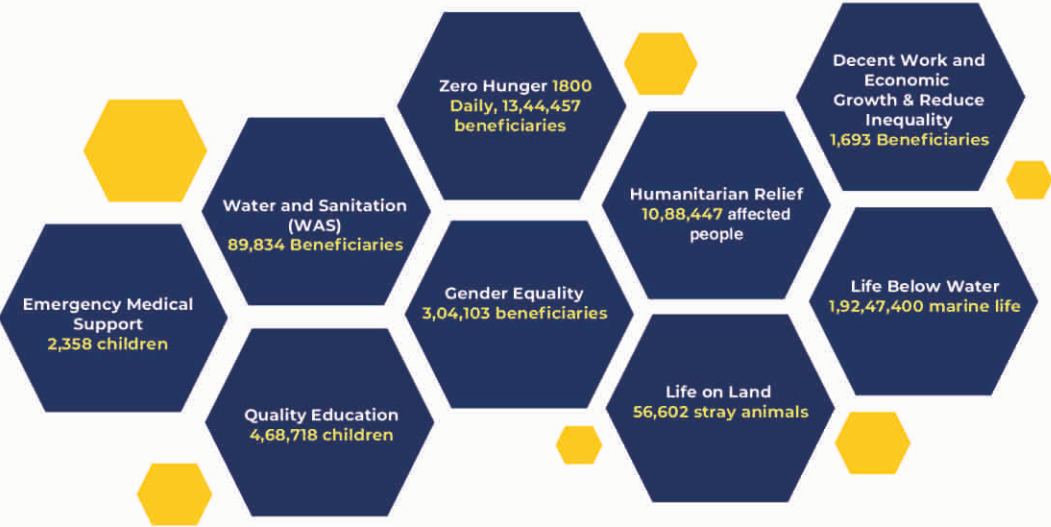

The primary care services are being provided through enhanced technologies to doorsteps, thereby sharing the load of Government health facilities and delivery of quality healthcare. The Smile on Wheels programme sends well-equipped medical mobile units, along with specialized doctors, nurses, medical staff, and medicines to villages and underserved communities to provide crucial access to healthcare services. The objective of the programme is to ensure improved healthcare services reach the doorsteps of people residing in unserved or underserved areas. Smile on Wheels provides free healthcare services to more than 1.5 million children and families every year across India.

Child Help Foundation (CHF) is a pan-India non-profit organization, registered under the Bombay Public Trust Act 1950, which started in the year 2010. We aim to accomplish the objectives set by the United Nations Sustainable Development Goals (UN SDGs) for global development with our principal focus being children's health and well-being. We aim to empower the disadvantaged, holistically with some of our initiatives like Emergency Medical Support, Education, Clean Water and Sanitation, Gender Equality, Zero Hunger, Humanitarian Relief, and Village Development.

Our response is multi-sectoral based on reliable expertise and extensive groundwork. We have implemented multiple grassroots-level initiatives all over the country in 26 states and Union territories. We also have an international presence with an office located in the United States of America.

Child Help Foundation has Positively impacted **33,13,560** lives in 11 years.

EXL is a leading data analytics and digital operations and solutions company that partners with clients to improve business outcomes and unlock growth. By bringing together deep domain expertise with robust data, powerful analytics, cloud, AI and ML, we create agile, scalable solutions and execute complex operations for the world's leading corporations. Headquartered in New York, our organization is over 40,600 employees' strong and growing steadily, with more than 50 offices spanning 6 continents.

EXL is committed to engage in meaningful ways with the communities in which we operate, to help them position themselves as leaders and achieve better success in life. Having the right set of skills is key to an individual's success. Our corporate social responsibility program seeks to achieve this objective by having a global focus on:

- ▶ Development of market-relevant 'skills to win'
- ▶ Education as a foundation' for market-relevant skills

Signature initiatives

Building the 'Skills to Win' initiative

Our 'Skills to Win' initiative equips individuals with in-demand skills to explore careers in the digital economy. Through the initiative, we focus on providing training in data, AI, and digital technologies; elevating members of our communities in technology. Approximately 1,000 people enrolled in this initiative in 2021. Today, most of them have got into technology roles in mid-sized and large organizations.

Building the foundation for future digital leaders

Through our 'Education as a Foundation' initiative, we introduce middle and high school students in India to data and analytics skills, with a focus on life skills to prepare them for future careers in the digital space. This initiative provides students not only with a foundation in digital skills through formal training sessions, but also focuses on all round development including skills in art, music, fitness, and languages supported by our employee volunteering initiative. After the success of the pilot project, we scaled this program up and expanded its reach to more than 8,800 students in 2021.

Satyajit Gupta

VP, Assistant General Counsel

To be an exemplary academic institution by a social obligation to act for the overall wellbeing of society at large Mr. Ashwani Kumar Garg & Mr. Ashok Garg have come of ages and established Swami Vivekanand Group of Institutions under the aegis of Sh.Raghunath Rai Memorial Educational & Charitable Trust.

With their unlimited energy coupled with untiring efforts, they established a prestigious educational group which offers a wide variety of courses with 9 colleges running under its umbrella.

SVGOI as an educational organization plays the pivotal role of facilitating various platforms for promoting social awareness, and ensuring social welfare with 100% scholarship support to underprivileged children by partnering with different NGO's and scholarships schemes such as Sonu Sood Scholarship, Defense scholarship, Orphan Scholarship and much more. Through these scholarships, SVGOI provided financial support to 4000+ underprivileged students to pursue graduation in any stream of their choice. Apart from delivering technical education, they have also made their mark in nurturing the young minds by establishing 5 schools in different regions which offers world class education with a solitary mission of providing quality education to the down trodden from the minority community and others.

The process of education is truly fulfilled not only when the individual lends to fend for himself but when the individual learns to serve the society. In this regard, Mr. Ashwani Garg, being charismatic leader, has been committed towards ensuring that their students learn to utilize their education for the betterment of the society.

Ankur Gill

The torchbearer
building a
technical nation

An eminent academician, researcher, administrator and motivational speaker, Ankur Gill is the force behind building a technically skilled nation. The Director of Business Operations at Swami Vivekanand Group of Institutes, Chandigarh, Ankur Gill has played an instrumental role in driving academic strategies and innovations. He has also cemented strong corporate relations that have tremendously helped in building a bridge connecting classrooms to office cubicles. It is under his astute leadership that Swami Vivekanand Group of Institutes has made an unmatched mark in offering advanced engineering and technical courses. His strong vision for a skilled nation has helped in rearing the youth of India into capable leaders driving innovation across the globe.

An innate academician who possesses a keen interest in empowering young minds with the power of knowledge, Mr Gill has supervised 8 M. Tech Scholars and has more than 21 research publications credited to his name published in various esteemed National, International Conferences and Journals. His passion for education goes beyond the walls of the university as he stands tall advocating equal opportunities and the right to knowledge for all. His strong corporate relations and great communication skills have helped in establishing several scholarship programmes that facilitate over 1000 students every year to pursue a career of their dreams.

A strong believer in the saying 'education is the key to unlock the doors to a better future', Mr Ankur Gill has reached out to the poor tribes of Jharkhand and Chhattisgarh, to sow the seeds of education in their barren minds. He has been reaching out to the nook and crannies of the countries, counselling and motivating the families to enrol their children into higher education. Since 2015, he has successfully enrolled more than 600 students and transformed not only their lives but also encouraged many from such tribes to pursue education.

It won't be wrong to say that, the young and dynamic, Ankur Gill is repainting the face of modern India, by transforming a nation clenched in the hands of unemployment to becoming a global epicentre for skilled manpower.

Dr. Pushpendra Pratap Singh

Dr. Pushpendra Pratap Singh, Country Head – Asia Shipping India is a person with positive approach, optimism, relentless hard work, dedication, passion, and kindness. Needless to mention, there are many traits that lead to his successful career in professional life, and all these attributed collectively resulted in his phenomenal success. He is a rare treasure in Shipping & Logistics Industry.

In a span of +22 years long career, he made remarkable strides in field of Pharma, White goods, Retail goods, Sanitaryware, Paper & Pulp industry. In his endeavour of Industrial growth, he carved niche in automotive sector. Having grass root level understanding, he has visited top line Industrial houses wherein he successfully delivered various conferences, seminars, group discussions and workshops. He formulated numerous ways & ideas to strategically reduce shipment life span with various cost effective measures by scheduling production, balancing product demand with plant capacity and availability of inputs.

He is a globetrotter and has extensively travelled to several countries. His natural positive approach captivated a strong International Partner network leading to company businesses grow manifold. He also has a profound knowledge of risk assessment in complex environment as circumstances are ever changing being logistics dynamic in nature.

Dr. Singh imparts his expertise and skills to younger generation of new age India pursuing their dreams in corporate world. He also uplifted many of peers who are now successfully working in higher positions. Dr. Singh is a corporate socialist, honored with Doctorate Degree by United Peace Institute of United Nations, recognized by Govt. of India in April this year. He was then bestowed with “Bharat Shree”, “Bharat Gaurav Shree”, Icon of Asia - “Acharya / Mentor of the Year-2022” award. Many articles & press releases have been published by major platforms in print & electronic media.

He actively participates in CSR activities in various institutes for social welfare. In this endeavour, he participated in organizing Blood Donation camp on the occasion of World Blood Donor Day and was appreciated for his outstanding contribution for saving lives with his blood donation. Dr. Singh contributed his valuable submissions to save environment by recommending introduction of electronic road transportation system, reduction in garbage produce by ships on water, improving efficiency of air planes, improvise on Rail Yard and Port Cargo Handling equipment etc. during “Environment protection and preservation” seminar. For his philanthropic work, he joined Daksh Foundation as Chief Advisory Board Member. Say “Yes to Life” & “No to Drugs” is principal focal point of Daksh Foundation. This organization helps grief-stricken, distraught and distressed people accustomed to regular use of Drugs. Devoted patriotic from core of his heart, he aspires to extend helping hands to alms, underprivileged & deprived section of the society. In his individual capacity, he tries to modestly support NGO’s which help & promote welfare of the community. In this undertaking, he sponsors education for the poor and lends his hand for people in distress.

Taking note of his exceptional contributions, Indian CSR Awards presented by Brand Honchos conferred Dr. Singh with “Best Social Entrepreneur of the Year – 2022”. The accolade was awarded by Hon'ble Chief Guest Dr. Kiran Bedi.

Dr. Pushpendra Pratap Singh is a perfect amalgamation of talent, intellectual skills and a social contributor that sums up to him being a true mentor and a monarch in Shipping & Logistics.

Hinduja Group

The Hinduja Group is one of the largest global conglomerates that has paved the path of development in diverse industries spanning banking, finance, automotive, oil, specialty chemicals, information technology, cyber security, healthcare, media, real estate, and more. The multibillion-dollar company has marked 100 years of glory in running successful business ventures across diverse sectors that have played an instrumental role in shaping the face of modern India.

In its pursuit of reframing the country into a better and stronger nation, Hinduja Group launched Hinduja Foundation in 1968. Their philanthropic arm is geared to ensure a positive socio-economic change in India in the fields of education, water stewardship, healthcare, sustainable rural development, social welfare, and art and culture. The foundation receives its funding directly from the CSR funds of the Hinduja Group of companies that includes Ashok Leyland, Gulf Oil, Hinduja National Power, Hinduja Renewables, Hinduja Leyland Finance, Bharat Financial Services, Hinduja Global Solutions, NXTDigital, Hinduja Group Corporate, and Hinduja Tech.

The Hinduja Foundation has made a commendable contribution toward ensuring potable water in the rural areas of India under its program 'Jal Jeevan'. The foundation focuses on working towards watershed development, water ATMs, rainwater harvesting, and restoration of lakes and ponds. The Hinduja Group has also actively participated in uplifting the country's healthcare facilities by establishing public hospitals across Chennai, Pune, and other cities, equipping them with the latest medical devices.

One of India's biggest business empires, the Hinduja group is also a strong promoter of high-quality education in the country. The company has ensured the continuation of education even during the pandemic by providing computers and installing digital facilities, many highly qualified employees of the company have volunteered to teach young India during the pandemic. In addition to these, the Hinduja Foundation has also touched numerous voiceless lives by organizing veterinary camp for animals.

The face of philanthropy in India has changed drastically and big billion-dollar companies like Hinduji group has played a major role in driving this positive transformation.

Reliance – Leading India through the path of Progress

Reliance Industries, India's largest privately owned company, has evolved from being a textiles company to a global conglomerate across energy, petrochemicals, textiles, natural resources, retail, and telecommunications. Today, Reliance's products and services touch almost all the needs of people on a daily basis. Apart from being the biggest Indian global business, Reliance is known for its philanthropic endeavors. Reliance Foundation, the philanthropic arm of Reliance industries, was established in 2016 to propel the company's contribution towards social causes. The foundation is focused on strengthening the roots of the country by watering its education, social, rural development, and healthcare.

Reliance Foundation, led by chairman Nita Ambani, the foundation strives to create transformational change across India by solving the basic problems of the country at the grassroots. From upgrading elementary education to supporting children through skill building, strengthening the healthcare forum, and developing rural India, Reliance is making huge strides in building a stronger, inclusive nation.

The company spent a whopping amount of Rs. 1184.93 crores to fulfil its social responsibility in the financial year 2022. The foundation stood at the forefront in fighting the pandemic by ensuring oxygen delivery to the needful during the second wave of the pandemic. The company distributed it produced 1,000 tonnes of medical oxygen every day, 1.4 crore reusable masks, and installed over 2000 COVID care beds. The foundation also worked towards uplifting the country's education and healthcare even during the toughest times in history.

The global conglomerate also piloted rural development by installing new water harvesting capacities, helping rural households to meet their nutritional needs, and establishing good sanitation and hygiene facility across the nation. In addition to working on these core areas, the foundation also supports art and culture, sports, and urban renewal.

The philanthropic landscape of India is evolving at a very fast pace and big companies like Reliance is playing a major role in bringing about this transformation.

AJMAL FOUNDATION

A force that changed
the face of India

Ajmal Foundation is a Public Charitable Trust, registered under Indian Trust Act, 1882, established in the year 2005, head office located in the district of Hojai, Assam in INDIA. The organization has been working in the fields of Modern Education, Health Care and Sanitation, Skill Development & Employment Generation, Women Empowerment, Poverty Alleviation, Relief & Rehabilitation and Environmental Awareness & Promotions etc. With the spirit of serving humanity; the Trustees of the organization have undertaken multifarious schemes and projects in various parts of the country to serve the downtrodden section of the society. In doing so, time bound implementation, efficient delivery of the assigned projects and maintain full transparency has always been remained a top priority of the Trust. The Trust responds to socio-economic development in India through implementation of community based integrated projects targeting the youth, women, elderly, adults, disabled and children. So far, Ajmal Foundation has been working with many Central/ State ministries and Govt. entities such as Ministry of Minority Affairs, Ministry of Rural Development, Ministry of Social Justice and Empowerment, Ministry of Human Resource Development, Assam Skill Development Mission etc. Ajmal Foundation is an approved training partner of National Skill Development Corporation and empanelled with

North East Handicrafts and Handloom Development Corporation etc.

Moreover, the Foundation has been running 32+ Educational Institutions, all across Assam including Lower Primary Schools, Primary Schools, Middle Schools, High Schools, Higher Secondary Schools, Degree Colleges, Teachers Training Colleges and Law College etc.

Every year the students of these Institutions pass with flying colors.

On the other side, under AJMAL SUPER-40 program 307 students got Medical seats, and 52 students secured – Engineering seats, including 5 seats in IITs. The Trust also runs Distance Education center under KKHSOU, Assam Xahitya Xhaba and NIOS etc. and nearly 4139 students passed out from the center after successful completion of various courses. The Foundation also established Computer Education Centers in collaboration with Ministry of Education and NIELIT to promote digital literacy and so far 3679 students have pass out from our center.

Ajmal Foundation has been recognized and awarded as Best NGO in different categories in various national platform for its commendable services towards Society.

Shiv Nadar, the technology czar and founder of the multi-billion business group, HCL, has been on a mission to mould a socio-economic transformation in the country. In fact, the tech Moghul is one of the early philanthropists in the country who began his journey of generosity in the early 1990s, by establishing the Shiv Nadar Foundation in 1994. Over the past decades, the Shiv Nadar Foundation has expanded its efforts from education to arts to healthcare, thus touching and strengthening the very pillars of society.

The tech pioneer believes in the philosophy that giving back to society is not only about writing cheques, it goes beyond the papers and actually holding the hands to uplift others. He believes that true philanthropy lies in ensuring that the resources are used well for the right purposes. His model of philanthropy envisages the creation of institutions and health care facilities that would continue to impact future generations for centuries.

Shiv Nadar, the founder and visionary who started HCL technology in a garage, led it to become one of the leading technology companies across the globe and has transformed the entire IT landscape in the country. Under his apt guidance, HCL remains at the forefront of every technological revolution since 1976. Shiv Nadar ranked third in the Forbes list of India's 10 richest billionaires, in 2021. His net worth is estimated to be \$23.5 billion. This man with a shark brain and golden heart has committed over 10% of his wealth towards philanthropic ventures. To date, he has given about \$1 billion towards the causes that make an impact.

Shiv Nadar has ranked second on the list of top Philanthropists as of 2019, in India. His philanthropic endeavours have been widely recognized across the globe. Nadar has been awarded with several honors and accolades, including the most prestigious Padma Bhushan from the President of India in 2008.

Shiv Nadar

The founder, philosopher
and philanthropist

NUTRITION

Annapoorna has been running one of India's leading morning nutrition program for rural school children working at the grass roots level in the area of child nutrition security and hunger management.

Today, Annapoorna provides morning nutrition to over 10,00,000 children across 23 States and Union Territories. These children attend government schools, located typically in rural hinterland. The morning nutrition may be in the form of cooked breakfast, Nutritious cookies, Raagi cereals health mix, or SaiSure nutrition supplement added to the milk.

Trust has formulated a health supplement mix (called SaiSure) which has been designed to specifically meet the protein, calorie, vitamin and mineral requirements, as well as micronutrients required for a growing child. The tasty and highly nutritious SaiSure health mix augments the milk provided by the government in the schools (part of their mid-day meals) and thereby makes it a wholesome meal for the children.

This product is certified by the FSSAI and is manufactured in a FDA-approved facility. This product is easily consumed by simply mixing it in milk and also easily transportable to remote geographies. It doesn't require expensive means of storage, and thus, is conveniently and economically scalable. All these services, which would have otherwise been expensive for the needy children's families, are rendered to the beneficiaries free of charge.

Various corporate companies participate in Annapoorna activities by sending their employees as volunteers on a regular basis to schools/centers that are being served by Annapoorna. These corporate volunteers visit a particular breakfast seva center/school(s) and spend time with the children engaging them in activities.

Increase in average Hemoglobin
Improved health parameters – decline in wasting, stunting, malnutrition and better BMI
Increased academic performance of the children.
Increased school attendance
Lower school dropout rates
Marked increase in class attentiveness and academic performance of the children.
Decline in Anemia, Amoebiasis, Protein Energy Malnutrition, Acute Diarrheal Disease & Acute Respiratory Illness.

With a rich 111 year legacy of creating and recreating industries, IBM has also focussed on community service and has really spread the values of 'Give back' as part of its company ethos. Our 'GoodTech' campaigns focus on how to use technology for good in every walk of life.

“At IBM we are ‘Investing for Good’ by means of skilling across the value chain - by collaborating with the academia, government and industry bodies.”

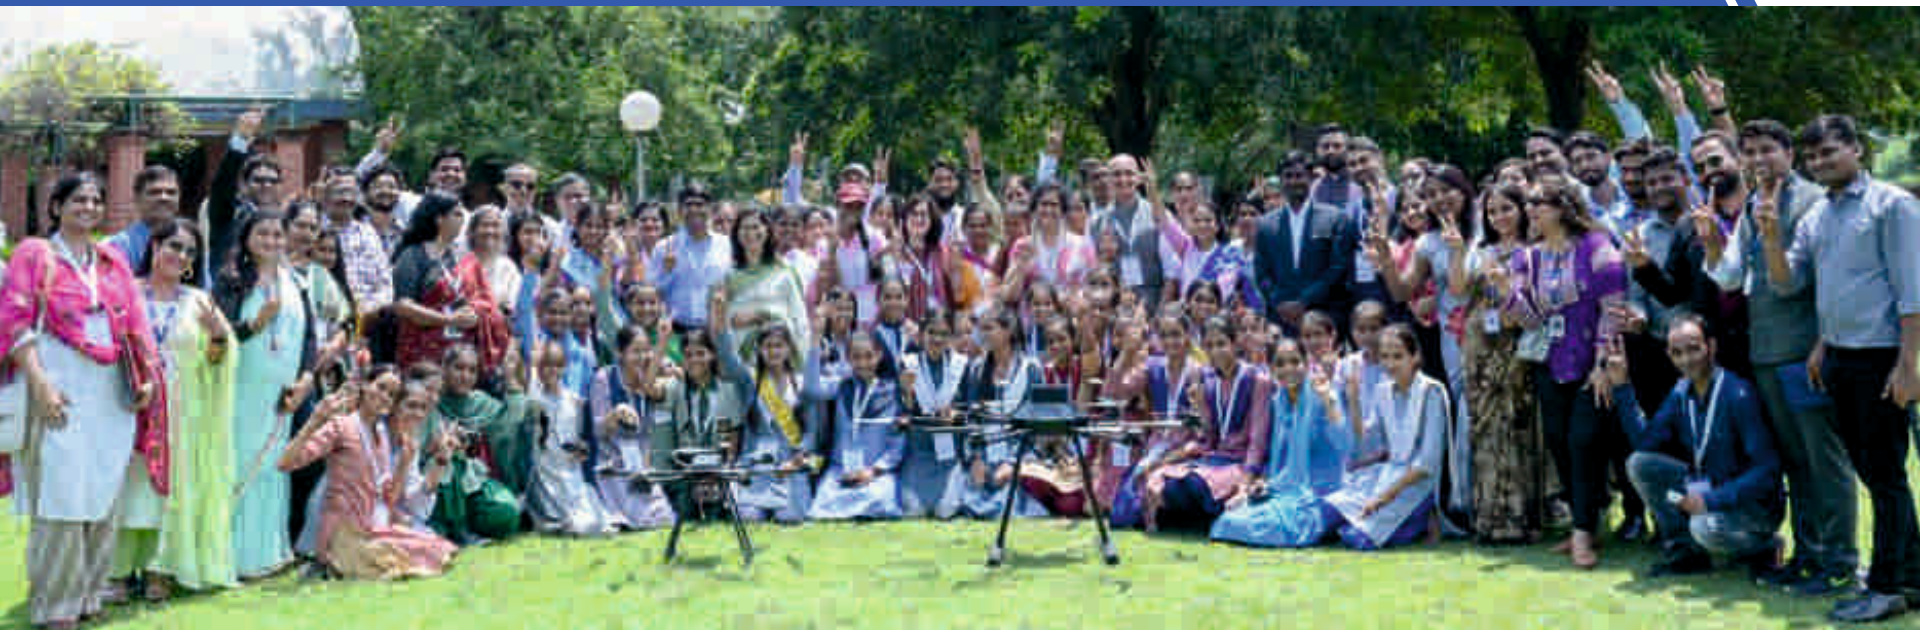

In 2021, Arvind Krishna, Chairman & CEO of IBM Inc made a commitment that IBM would skill over 30 Million learners by the year 2030. True to this vision, IBM India's CSR focus has been majorly focussed around making this vision come true.

STEM for Girls : A flagship initiative launched in 2019, to inspire young girls into the world of STEM education, IBM currently runs this program in over 13 states, 1800+ govt schools and reaching out to over 350K students around the country. The program focusses on building 21st century skills, introduction to coding, gender sensitization modules, access to role models and career counselling melas. Our partnership with Dept of Science and Technology, helps us to take the STEM program to over 200 Jawahar Navodaya Vidyalayas in the country and inspiring young girls to clear their competitive exams as part of the Vigyan Jyothi program. Over 15000 girls have been coached and mentored over the last 2 years.

SkillsBuild : If you have to change the education landscape of the country, you also need scale to achieve that. The SkillsBuild platform (www.skillsbuild.org) is a great example of one such scale. With over 1.4 Million learners from India on the SkillsBuild platform, IBM has partnered with innumerable governments like Goa, Sikkim, Haryana, Bihar, West Bengal, Madhya Pradesh, Nagaland, Uttar Pradesh, Andhra Pradesh and Telangana offering over 8000+ courses completely free for the learners aiding in both their professional and technical journeys. With free digital badging and access to employment opportunities, 24,500 SkillsBuild learners have found jobs in the last 18 months, really bridging the gap between Education and Employment. Launched in 2019 with the partnership with Ministry of Skill Development and Entrepreneurship, the SkillsBuild platform has seen phenomenal success as a platform of choice to learn content around emerging technologies like AI, IoT, Blockchain, Cloud, Quantum, Cybersecurity etc.

Our other engagements with the CBSE board to design and rollout the AI curriculum for grade XI and XII for all CBSE schools have seen over 1000+ schools adopting AI as an elective as part of their SEWA program. IBM also has a robust 5 month internship program rolled out for the ITI students as part of their 2 year Advanced Diploma program in IT networking and Cloud Computing which has seen a 100% placement record in the last 3 years.

IBM is committed to helping the government achieve its vision of a technologically enabled, Digital India. Good Tech, Trust & Transparency is at heart of what we do and we look forward to being a growth partner for India.

Rise

AGAINST HUNGER

food • community • sustainability

INDIA

Dola Mohapatra is the Executive Director of Rise Against Hunger India which is part of a global network of organizations dedicated to work towards a world free from hunger. The Indian entity was registered in 2014 and Mr Mohapatra has led the organization since its inception. Responsible for the launch and growth of the India program of Rise Against Hunger India (formerly Stop Hunger Now India), he provides leadership and direction to the country operations and reports to an independent Board of Trustees.

Under Mr Mohapatra's leadership, Rise Against Hunger India has –

- ◆ Established CSR partnerships with about 70 corporate groups (Google, J P Morgan, HPE, Broadcom, NetApp, KraftHeinz, HPE, SanDisk/Western Digital, Juniper, United Airlines, PepsiCo, ServiceNow, Forever Living Products etc. to name a few) to engage volunteers as hunger champions who participate in meal-packaging and other activities.
- ◆ Program outreach in 19 States in partnership with 270 NGOs serving vulnerable communities
- ◆ Served 2.3 million people from underprivileged & marginalized backgrounds with 21 million nutritious meals, food supplements, livelihood support and other assistance.
- ◆ Successfully completed 2 healthcare projects in Bihar and Andhra Pradesh through CSR funding of nearly \$500,000 benefitting 60,000 people in remote villages for 3 years.
- ◆ Implemented supplementary nutrition programs in Kolkata, Chennai and Odisha through CSR funding.
- ◆ Engaged nearly 50,000 corporate employees & others in its volunteering program across the country, both physical & virtual.
- ◆ A total of 35 staff across its headquarters in Bangalore, regional offices in Delhi & Mumbai and Cluster Offices in Jeypore (Odisha) & Deoghar (Jharkhand).
- ◆ Carried out Emergency Relief programs in Tamil Nadu, Kerala, Karnataka, Assam, Bihar, Odisha including COVID-19 relief work in 73 Districts in 17 States providing 6.8 million meals & other support.
- ◆ Run a Hunger Education Module (HEM) in schools, engaging students in hunger & food awareness activities through 12 HEM sessions.

*Executive Director,
Rise Against Hunger India*

Community Initiatives at UST – Creating shared value for the organization while building a better world:

Corporate Social Responsibility is "the continuing commitment by business to contribute to economic development while improving the quality of life of the workforce and their families as well as of the community and society at large." Globally, CSR aims both to examine the role of business in society and to maximize the positive societal outcomes of business activity.

At UST, CSR initiatives flow naturally from our core values. It is integrated with the company processes and worked towards community development since its inception, 1999, demonstrating the commitment of the organization towards the triple bottom line of the business: Profit, People, and Planet.

UST Welfare Foundation UST's CSR strategy dovetails neatly into the Company's mission of "Impact Unbound". The UST Welfare Foundation is aligned to and works on the CSR focus areas of UST in areas of Education, Health, Environment, Disaster Relief, and Diversity & Inclusion.

The CSR approach has been evolved from a one-time philanthropic activity to the impact-based programmatic approach of implementation under each CSR vertical area. Focus is given to inclusive community development and the empowerment of women and differently abled people. UST Welfare Foundation follows the standard process for partnering with credible grassroot level non profit organizations as implementation partners.

Transforming Lives- Impact

Education 7,520

Health 118,605

Environment 39,000

Livelihood 1,005

12,686,974+

Disaster relief 88,780

UST Welfare Foundation programs also integrate with the employee engagement framework of the Company, COLORS, to ensure the active participation of UST employees and contribution towards result-oriented CSR initiatives. Of our global workforce of 29,000 employees, more than 20% are actively engaged in the CSR activities thereby directly contributing to the benefit of communities across geographies.

Established in 2015, UST Welfare Foundation, a non-profit organization, acts as a nodal body to implement CSR initiatives for UST and its subsidiaries, in India and the USA. For the community initiatives under Corporate Social Responsibility framework, we follow the approach and strategy aligned with the organization's core values.

SDGs mapping with UST CSR initiative

- Reproductive and menstrual health and hygiene
- Prevention of hunger and malnutrition
- Mental health initiatives

Education

- Skill based trainings and job placements Women livelihood and entrepreneurship
- Agricultural technology based livelihood initiative for tribal youth

Moving on a mission of healthy and happy India

Biocon, India's largest pharmaceutical company, is committed to improving lives not only by empowering the healthcare system of the country but also by working towards uplifting the country from the grassroots. The company embarked on its philanthropic journey with Biocon Foundation in 2004. The foundation is committed to creating a positive and lasting impact on the health and education of the people, inspiring the development of rural communities, and building a knowledge-based sustainable society.

With a vision of creating a disease-free India, the foundation has stood at the forefront in the fight against many chronic diseases like diabetes and cancer. The foundation believes that to win the battle against diabetes and cancer, spreading awareness, popularizing preventives, facilitating regular screening, and making early diagnoses are the four pillars that they need to strengthen across the country.

Biocon has weaved an integrated healthcare initiative that works on preventive, primary, secondary, and tertiary healthcare programs. They have established several primary healthcare centers and conducted health awareness programs, public health, and

sanitation initiatives. The foundation actively and regularly organizes preventive screenings for oral and cervical cancer in the remotest corners of the country. Their endearing efforts have been honored by WHO with 'The WHO – India Public Health Champion Award 2015'.

In addition to their constant efforts toward enhancing the healthcare system of the country, Biocon is also one of the path-breaking leaders that have actively participated in green initiatives to ensure the protection of natural resources and the surrounding environment.

An emerging global biopharmaceutical enterprise, Biocon's commitment goes beyond developing new medicines. The foundation is focused on delivering affordable healthcare to the underserved communities of India, facilitating quality education and skill-development programs in the high potential pockets of India, and making strides in protecting the environmental blessings of the country.

Pallavi Patel
Director CHETNA

CHETNA is a Non-Government Organisation that ensures empowerment of socially and economically marginalised women and girls. Established in August 1984, CHETNA's vision is to envisage an equitable society where disadvantaged communities are empowered to live healthy lives.

CHETNA's primary beneficiaries are women, children, adolescents and young people. During the year 2020-21 CHETNA reached out to 18 districts, 501 villages, and 32,00,000 population of Gujarat, Rajasthan and Madhya Pradesh. CHETNA's interventions aim to improve maternal, reproductive and sexual health, child and adolescent health and Early Childhood Education. Nutrition and gender equality are two cross cutting issues. Its interventions provide innovative and sustainable solutions to overcome deep rooted development concerns.

CHETNA's village and urban slum interventions has demonstrated increase in uptake of quality maternal, child and adolescent nutrition and healthcare services among marginalised communities, improved nutritional status of adolescents and children, increased in health and nutrition awareness among community level stakeholders. CHETNA also addresses the issue of gender biased sex selection.

The strategies of CHETNA include, raising health and nutrition awareness, capacity building of front and middle level functionaries of non-Government Organizations and government. Every year CHETNA trains about 35,000 people including frontline workers, Self Help Group and Gram Panchayat members, school teachers, village leaders etc.

During its journey of 39 years, CHETNA has developed more than 200 types Behaviour Change Communication material on various issues related to health, nutrition and education. CHETNA's publications and products are appreciated, adapted and replicated by Government and non-government organisations, worldwide. In last five years CHETNA has disseminated more than 5,00,000 copies of education material to create awareness.

CHETNA advocates for people centred, gender sensitive nutrition, health and education policies and programmes at the state, national, regional and international levels. CHETNA has contributed in the formulation process of the National Youth Policy, National Adolescent Health Strategy, Early Childhood Care and Education Policy, and National Policy for Children, National Education Policy. CHETNA is committed to take its mission forward.

Mission

CHETNA works to empower children, young people and women, especially those from marginalized social groups, to take control of their own health and that of their families and their communities.

ARPAN SEVA SANSTHAN

DEVOTED TO SUSTAINABLE RURAL DEVELOPMENT

Arpan Seva Sansthan is working towards sustainable development since its inception in 1996 by a team of young professionals who had the dedication & commitment to serve rural community and bring about positive societal change. The organization has 26 years of experience in developmental sector mainly in the field of Natural resource management, Livelihood enhancement, Improved agriculture & horticulture interventions, Livestock management, Drinking water, Health and sanitation, Capacity building, Skill training, Women empowerment and working with community based organizations upto FPO.

► Vision: Expedite synergy for sustainable development

Mission: To promote sustainable and socially inclusive development processes, strengthening the resources, knowledge and capabilities of the communities so as to enhance their quality of life.

Arpan with a dedicated team of 250+ professionals is working in Rajasthan, Madhya Pradesh, Uttar Pradesh, NCR & Maharashtra and have benefitted more than 6 lakh rural communities by sustainable development interventions. Working on 12 Sustainable Development Goals, Arpan is converging synergy from multiple stakeholders including government, CSR and community resources.

Arpan has received many accolades for integrated development projects at block, district, state, national and international levels for making social impact and leading the way to a sustainable future. Arpan leverage its' resources, expertise, and talent to make a positive impact for larger good.

Arpan's cause-driven approach and emphasis on social impact drives their ability to fully understand a CSR partner's requirement and design programs that lead to both fulfillments of the CSR partner's mandate as well as maximum social benefits on the ground. Major highlights of the programs are:

- Community Inclusion right from the planning stage
- Sustainable and Replicable Development Models
- Holistic (Integrated) Development of Project Area
- Defined Deliverables (Impact) measured on regular basis
- Matching CSR Vision with Need of Community

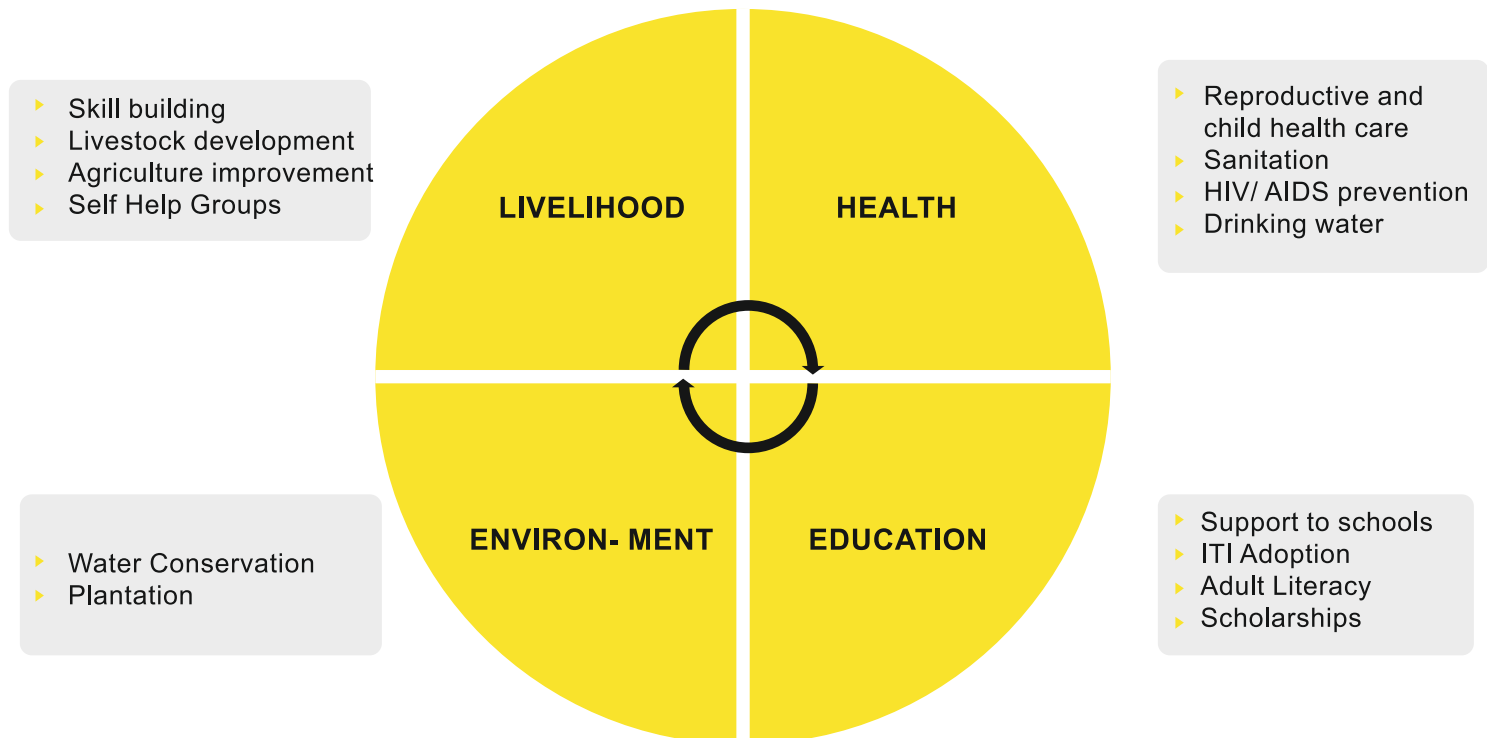

Corporate Social Responsibility at JK Tyre

The CSR motto at JK Tyre is to empower individuals and build societal prosperity. We invest in the long-term societal benefit as we believe it was critical for the surrounding communities and other stakeholders to keep up with the Company's success. To promote lasting change in people's lives, we've been involved in community development efforts such as organising health camps, offering assistance to schools, improving rural and semi-urban infrastructure, safeguarding the environment.

The key stakeholders of our CSR programme are communities that live in the periphery of our manufacturing units, suppliers, employees, contractors, truckers and transporters and we are committed to bringing prosperity in the areas where we operate. While planning a CSR project or selecting beneficiaries, we lay emphasis on the interests of the marginal and vulnerable sections of society, women, the elderly, children and truck drivers.

CSR Focus areas of intervention

A Case Study: Livestock Development Programme at Morena, MP

Under this cattle breed improvement project, artificial insemination (AI) services are provided to produce calves with significantly higher milk yields, producing enough surplus that can be sold in the market. Livestock Development Centres in villages provide AI services right at the farmer's doorstep, which also include veterinary support to ensure proper health and nutrition. Surplus milk for sale generates extra income for poor households, which is often utilized to invest in growing the herd and creating dairying as a viable & profitable livelihood option.

During the last Six years of the livestock development program at 50+villages of Morena, MP, 31,699 artificial inseminations were performed, 9,010 hybrid calves were born and more than one lakh cattle were provided health care services (vaccination, deworming, de-ticking and fertility treatment). This project has brought transformational changes in the lives of more than 10,000 people and they are getting sustained additional income of 5,000-10,000 per month.

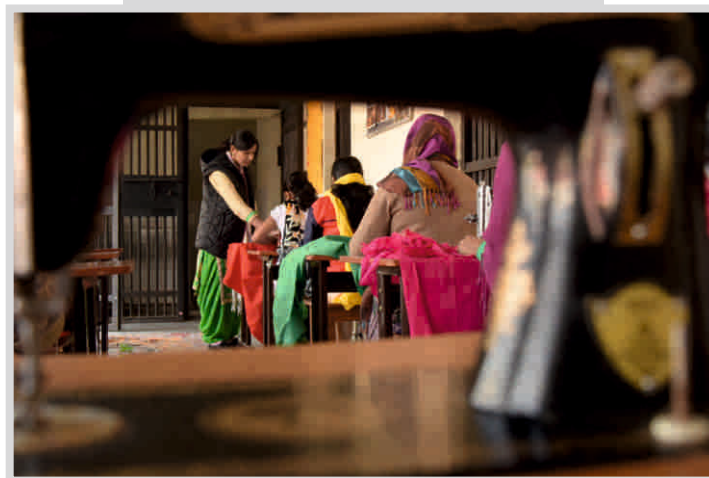

There are plans to encourage cattle-owner/milk producers' associations to reduce logistic costs and connect them to larger markets and derive higher prices.

India Vision Foundation is a voluntary not-for-profit organization registered as a Trust in India vide No. 4595 dated August 1, 1994. The foundation was born out of the Ramon Magsaysay award (Equivalent to Asia's Nobel Peace Prize) conferred to Dr. Kiran Bedi, the first lady IPS (Indian Police Services) of India,

Foundation aspires to contribute toward a crime-free society by initiating reformation programs for prison inmates and reintegration opportunities for released inmates for the reduction in recidivism; also facilitates welfare programs for their children to save them from becoming victims of their parental incarceration

Presently the India Vision Foundation runs different programs in nearly 37 Prisons across 8 States of India namely New Delhi, Haryana, Uttar Pradesh, Punjab, Maharashtra, Uttarakhand, and Gujarat. Until March 2022, India Vision Foundation has reached out to 4,61,170 beneficiaries and continues to empower them through positive reinforcement, education, skills, and values thereby alleviating them from poverty and enhancing their chances of employability, and dissuading them from reoffending upon their release from prison.

Founded by Dr. Kiran Bedi along with 16 police officers, since our inception in 1988, we have been working seamlessly towards the upliftment of underprivileged sections of the society and providing marginalized groups with an opportunity to live a dignified life. Working at the grassroots level and adopting an integrated approach while focusing on planning interventions around education, skill training, women empowerment, environment, community training and outreach has helped us take substantial strides towards crime prevention. Our idea of crime prevention through social development is to foster interventions intended to reduce or eliminate the motives for the crime before they arise which we intend to facilitate by promoting skills and education among the underprivileged, micro-entrepreneurship, and livelihood for children and women, affected by the lack of resources. Serving as a laboratory of ideas, we help and foster the flow of thoughts and knowledge to aid communities to adopt better standards and envision a better life for the future generations ahead.

Deepika Anil Jain

Chairperson & Director Aryan Group
of Institutions, Gwalior MP

Aryan School of Sanskar is a sculptor which give shape to the ideal stone and turn it into a wonderful diamond. It is the most prominent education hub in Gwalior known to be HAPPY SCHOOL. This award is given every year to the students who have achieved Excellency in the field of Education, Sports ,Cultural activities, Social services.

Vijaya Bhaskar Thotakura

Vijaya Bhaskar Thotakura, a school correspondent from Adarsa High School, Inkollu, Andhra Pradesh, has embarked on a mission to reform India's education and environment. A humble human with a transformative vision, Vijaya envisions building a modern education system that could focus on delivering a futuristic learning experience to young students. He believes education should focus on cultural enrichment; it should drive continuous innovation, facilitate modern skill building, develop students' analytical and logical thinking and prepare them for the real world. Modern education should not be about knowledge and information, as it is readily available at our fingertips. Real education lies in developing wisdom, practical knowledge, and mental prowess.

Vijaya Bhaskar Thotakura has continuously strived in his endeavor to make learning fun. He strongly believes, that it does not matter whether young children live in a rural area or an urban area, if he could change, motivate and uplift the people in the surroundings then such children will definitely grow up to become strong individuals with big dreams. This young leader is not only piloting children's cognitive development but he is also helping them develop their emotional intelligence by encouraging them to participate in programs like serving the poor by sharing a handful of rice, which is organized every Tuesday in the school.

Vijaya Bhaskar Thotakura is a visionary who believes cultivating good education is the only way to protect the environment. In this pursuit, he conducts many fun and value-based activities like 'planting trees' or 'beat the plastic' in the school. These programs help preserve biodiversity, conserve nature, and spread awareness among young children about the ill effects of plastic use.

Vijaya Bhaskar Thotakura joined hands with the green team members Aparna Sahu, Rukmini Velidi, Keerthi Thotakura and Shaik Nabi. The team has visited forty-aided schools in Prakasam district to shed light on the adverse effects of non-recyclable plastics. The team shares their insights on the detrimental effects of single-use plastics and urges students to protect the environment by following the simple mantra of - reduce, recycle and reuse. The team goes out of its way and performs dance and recites slogans to inspire young students to become the change leaders of tomorrow.

Vijaya's unrelentless efforts have been successful in touching and transforming the lives of over 20000 students. And with more people joining his cause and more funds pouring in, this young man's vision is gaining the momentum needed for a change to sustain!

Dr. Charanjeev Malhotra

A God's Messiah beaconing man through life and death

Dr. Charanjeev Malhotra, popularly known as the Ambulance Man of Delhi, is a God-sent Messiah who has held the hands of countless men and helped them see the light in the darkest times. A spiritual leader, philosopher, humanitarian, and philanthropist, Dr. Charanjeev Malhotra is a devoted follower of the Hindu religion, and he firmly believes in the teachings of this religion. Right from a young age, he has been actively involved in the religious activities of the temple. It is his enriching religious and spiritual journey that has empowered him to be the guardian angel for thousands in need.

Dr. Charanjeev has not only touched the lives of thousands of men by facilitating high-quality education, promoting employment, and arranging marriages of young girls whose families could not afford a wedding, but he has also built several cowsheds to protect the health of cows. He has also been actively involved in temple activities and has preached the teachings to the young generation of our country. This man with a golden light strives relentlessly to preserve the rich culture and customs of this country.

A valiant savior who is not afraid to risk his own life to heal the wounds of others, Dr. Charanjeev Malhotra stood tall against the merciless tides of coronavirus. He has been hailed as the 'Ambulance Man of Delhi' who has offered free ambulance services to carry ailing patients to the hospitals. During the constant spike in the cases of coronavirus-affected people, it was very difficult to get an ambulance to transfer the people to the hospitals and to take the dead bodies for cremation. He has been the kin to 45,000 unclaimed or unattended bodies and performed their last rites with all the rituals, sparing his own money, to preserve their dignity in death.

Dr. Charanjeev Malhotra has been honored with numerous awards for his benevolent service during the pandemic. He has also provided oxygen cylinders for free, arranged free langar that fed 7000 people daily, and distributed necessary medicines and sanitizers to the people for free. He went door to door to ensure that each one of the corona victims have all the aids they need to fight their battle for life. He also promoted the vaccination camps and was personally invested in ensuring that the people in their old age could get the vaccines. He even arranged free pick-and-drop services for senior citizens. It is noteworthy that Dr. Charanjeev Malhotra did not organize fundraisers or sought public support to extend his helping hand, but he bore most of the expenses from his personal savings.

A resident of Delhi's Karol Bagh, Malhotra owns a wire-making factory. An ordinary man with an extraordinary heart of gold, Dr. Malhotra is in the true sense, the light that can save the world in the darkest times.

Dr. Ankur Sharan

Dr. Ankur Sharan, a young enthusiast with robust energy is a multifaceted persona. On professional front, presently he is heading Supply Chain, Logistics & Distribution of Hindustan Times. With +15 year cross functional experience, he is immensely talented having worked in Automotive, FMCG industry, Shipping Line & Print Media. At the same time, he keeps himself passionately absorbed in Philanthropic activities. It goes without saying; he is two sides of the same coin.

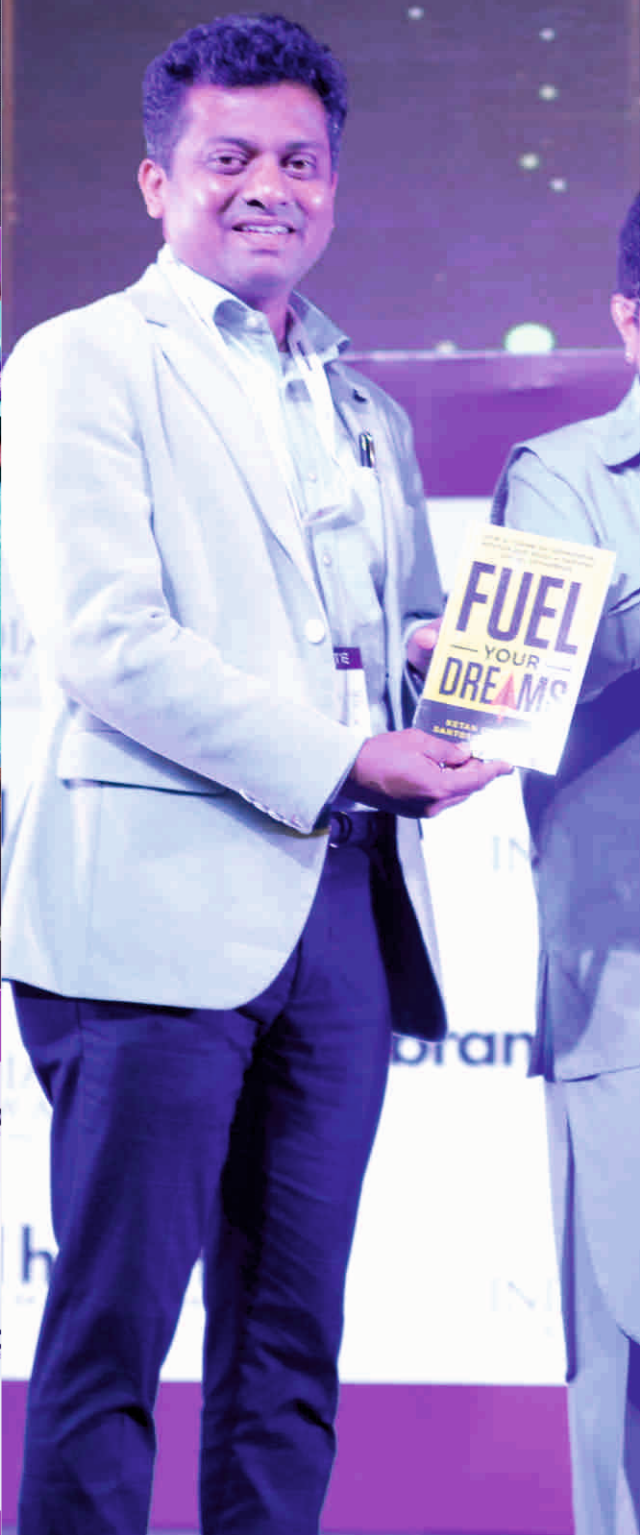

A proud recipient of "World book of records" from London for recognition of Civic Participation in the Social & Community Context, Dr. Sharan received Icon of Asia-2022 award as a "Socialpreneur" for his active participation in Welfare undertakings. He was honored by Doctorate Degree by World Peace Institute of United Nations along with CSR award for "Best Socialpreneur of the Year – 2022". An active member of CSR Forum of India, he is associated with several EOU's & Manufacturing units, encouraging & supporting Social Welfare Projects.

Known for his spokespersonship, he empowers various NGO's, institutions, manufacturing units for constructing a sound CSR network, brand building and their supply chain requirements. Affiliated with renowned institutes for promotion of Indian Art &

artisans, he diligently organized workshops to take this rare art from National to International forum. He is passionate calligrapher & running Art Nirbhar Bharat campaign where he is promoting calligraphy thru his ecosystem & designed a number of souvenir for various institutions, University of Delhi, Haryana Red Cross etc. Being Chief Operating Officer at Daksh Foundation, organized several campaigns and cycle rallies under flagship of Municipal Corporation of Faridabad, Pollution Control Board, Haryana Police for social causes to save water, Pollution Free Environment & Drug Abuse & Illicit Trafficking. With Manav Rachna fortifying his strength, Daksh Foundation project "Khayaal Apne Boozugon ka" featured 75 senior citizen live interaction and their motivational talking whilst celebrating Azadi ka Amrit Mahotsav.

Dr. Ankur is also a Management Trustee in Global Confederation of NGOs and on Advisory Board Member Panel of several social welfare institutions like Give me trees trust, Parmarth Foundation, Road Safety Omni Foundation, Paryavaran Prerna, Indian Arts Guild, Global Youth Peace Committee, Skill Mind Foundation, Geebsys.com, Uneako.com to name a few. He judged several events, participated as a Jury Member and successfully delivered speeches. To sum up, he is endowed with genius, intellectual mind frame besides right bend of aptitude.
